Data / numbering issue	0	3	12	15	15
Document quality	2	4	19	25	24
Total	42	83	37	162	154

Open questions

From the Open questions sheet (status as recorded in the data file).

Status	Questions	
Open	285	
Partially answered	59	
Answered	4	
Consolidated under another question	83	
Total	348	

Resolve first

The 15 items that most affect the build, money or compliance, in the order proposed for resolution.

Item	Ref	Severity	Status	BRD(s)	Why first
1. Directory sign-in (EUA) for all users	DCR-143	High	Open	Cross-BRD	Identity source for every BIBS user; the EUA interface is needed before go-live.
2. BIBS-wide user access matrix	DCR-121	High	Open	BRD-11 UAM	Every module's roles and persona tests depend on it.
3. Renewal of submitted policies: boundary	DCR-129	High	Open	BRD-12 SP, BRD-6 RN	Two BRDs specify the same renewal letters, hold cover and booking.
4. One LAMD intake or two	DCR-146	High	Open	BRD-6 RN, BRD-12 SP	Loan status drives both renewal eligibility and submitted-policy buckets.
5. Submitted-policy buckets	DCR-124	High	Open	BRD-12 SP, Report List	FFY, RMU and Fully Paid are on both the renewal and non-renewal side.
6. Online vs offline renewal disposition	DCR-062	High	Open	BRD-6 RN	Decides the AO disposition screens and the upload path.
7. Manual initiation vs straight-through renewal	DCR-063	High	Open	BRD-6 RN	Decides the renewal workflow triggers.
8. Incentive programmes across four BRDs	DCR-037	High	Open	Cross-BRD	Incentive income; one model for Product Maintenance, Remittance and Commission.
9. Minimal-balance rules	DCR-014	High	Open	BRD-2 OPS	Three overlapping GL rules for small balances.
10. Paid AR above the DTIP balance	DCR-015	High	Open	BRD-2 OPS	Remittance to insurers capped or withheld.
11. Fire premium tax (PTX 12%)	DCR-005	High	Open	BRD-1 NB	Gross premium on every Fire quotation and invoice.
12. Sanctions match: block or warn	DCR-112	High	Open	BRD-10 SANC, BRD-1 NB, BRD-6 RN	Compliance control on quotation, placement, booking and renewal.
13. RPO, RTO and backup frequency	DCR-135	High	Open	Cross-BRD	Sets backup and DR design for the whole platform.
14. Retention schedule per record type	DCR-136	High	Open	Cross-BRD	Legal record keeping and the archive design.
15. Go-live data migration scope	DCR-157	High	Open	Cross-BRD	Open items and history from EBIX, ISYS, QPS and Excel at cut-over.
